

ALU-TRIANGLE LED PROFILE

ALU-TRIANGLE; 125 x 82mm

This large triangular profile has been specifically designed as a 35 degree down wash wall façade luminaire both for internal and external areas, though equally suitable for floor or shelving applications such as window retail and stage lighting. Being a very robust profile (2Kg/M) it is capable of handling high power LED's up to 50W/M for large illumination features.
