

Smooth Powerline Wide 116

41mm x 116mm

This contemporary stylish slim but smooth surface aluminium profile comes equipped with a very high quality anodised surface finish for a superior eye catching fixture, especially suitable for high end lighting applications such as those required in hotels, office suites and public areas e.g. The 116mm wide PC opal diffuser offers a smooth broad distribution of light, and is attractively complemented by the low profile design of the aluminium, giving undoubted elegance to the overall design of the complete luminaire.
