

ALU-45° LED PROFILE

ALU-45°; 17,5 x 26mm

DESCRIPTION

Simplistic design with a high quality robust heat sink to facilitate high output LED's, the 45 degree beam angle guides the light away from direct vision, so is ideal for kitchen undershelf, retail shelves, interior cabinet lighting, exhibition booths etc. The profile comes with several options of snap on diffusers, end caps and brackets, for the complete professionally finished installation.

EC-D3 End Cap
EL-D2 Aluminum Profile
MC-D2 Mounting Bracket
