## WALL LED LAMP

WALL LED LAMP; 131 x 33,8mm

### DESCRIPTION

This is a very decorative bi directional LED wall installation profile and ideal for walking areas in hotels hallways cinemas-lobbies and restaurants e.g. Suitable for both single colour and RGB LED's with outputs up to 30W/M for a very effective colour wall wash that can be supplied in 2M lengths. The housing with a separate mounting base is discretely used both to hide the required power supply and cool the LED's.
