

# SPL35 SUSPENDED LED PROFILE

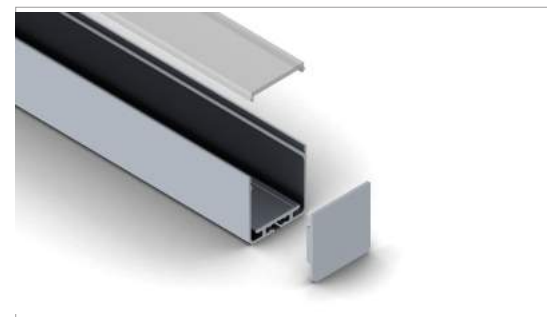

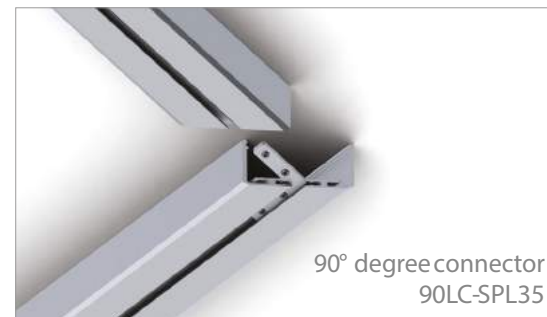

SPL35 35 x 35mm

Is a very aesthetically pleasing, mid power pendant LED luminaire, that operates at 55 deg C with a heat dissipation of 30W/M, and capable of handling 2 rows of high performance LED PCB for maximum output.

Power Line 35 Smooth is a very contemporary universal suspension design, that comes with a suspension kit, and a choice of diffusers (transparent opal or prismatic) that produces a very high light transmission ratio, and therefore ideally suited as the main ceiling lighting solution for a wide choice of applications.

Temperature (Solid) [°C]  
 Temperature ambient: 25°C  
 Total power: 36 W/m (72 LEDs)
